

Real faith works in love and rests in hope.

Those who are saved keep loving, pursue hope, and persist in faith.

I. Consistent love (10)

- The love is directed towards God.
- It is shown by hearing and obeying His word (chapters 3-5).
- It is shown by loving those He loves, fellow believers.

II. Enduring hope (11)

- “Earnestness” is the eagerness to expend energy for something.

III. Persevering faith (12)

- The word “patience” points to faith that remains firm in the face of opposition.
