God's Design for Worship

January 8, 2023

John 4: 20-26

I. Worship is not about a place, but a person.

Worship is for Him, about Him, and to Him.

Worship is about what He wants, not what I want.

II. The One we worship determines how we worship.

A. What is worship?

The word communicates the concrete action of falling before majesty.

Worship is about what we give, not what we get.

B. What kind of worship does God want? In spirit and truth.

Authentic whole life adoration of God.

How does this apply to me?
