

Type and Antitype: The type prefigures the antitype.

The antitype is the reality. The type is the shadow.

How does Melchizedek prefigure Jesus?

I. He intercepts Abraham's life.

II. His name points to who Jesus is.

King of Righteousness

King of Peace

Jesus alone provides us with access to the Father, giving us His righteousness and peace.

III. He prefigures a forever priest.

**How does this apply to me?**
