A Skeptic's Confession
John 20:24-29

What causes us not to believe?

I. Skepticism

II. We make ourselves to be the final arbiters of truth.

What moves us from disbelief to belief? From skepticism to faith?

I. When we meet the risen Savior and are overwhelmed by this Jesus, a Person, not a religious system.

II. When we look at the evidence.

What does it mean to believe?

I. It is putting our trust in another.

II. Confession of faith is essential.

How does this apply to me?
